

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL MEMORANDUM

HB 2865 – SB 3520

April 11, 2012

SUMMARY OF AMENDMENT (015969): Deletes all language after the enacting clause. Defines “nonviolent” as an offense that does not have as an element the use, attempted use, or threatened use of physical force; is not a felony offense that by its nature involves a substantial risk that physical force will be used; does not involve the use of a firearm; is not a sex offense that requires registration on the sex offender registry; and does not cause the victim(s) to sustain a loss of \$25,000 or more.

Effective July 1, 2012, authorizes a person to file for expungement of his or her public record involving a criminal offense, if at the time of filing, the person has never been convicted of any criminal offense, including federal offenses and offenses committed in other states other than a nonviolent offense during a single criminal episode for which the petition for expungement is filed; the conviction was not for driving under the influence of an intoxicant as prohibited in Tenn. Code Ann. § 55-10-401; the conviction was for a Class E felony or a misdemeanor; at the time of the filing, at least five years have elapsed since the completion of the sentence imposed for the offense; and the person has fulfilled all requirements of the sentence imposed by the court. Establishes procedure for a person whose offense was committed prior to July 1, 2012, to file for expungement of his or her public record involving a criminal offense if the person’s offense was a nonviolent offense as defined in the proposed legislation and was committed on or after November 1, 1989. Requires a person seeking expungement to petition the court in which the petitioner was convicted of the nonviolent offense for which the petition is filed. Upon filing, requires the clerk to serve it on the district attorney general (DAG) for that judicial district. Authorizes the DAG to submit recommendations to the court within 60 days after service of the petition. If the court denies the petition, the petitioner may not file another such petition until at least two years from the date of denial.

By September 1, 2012, requires the District Attorneys General Conference (DAGC) to create a simple form to allow a lay person to petition the court for expungement. Requires the DAG to prepare the petition and proposed order and provide it to the petitioner to be filed with the appropriate court clerk. Requires the petitioner to pay the court clerk a fee of \$350 upon filing of the petition. Of each fee, the court clerk will retain five percent or \$17.50; the Tennessee Bureau of Investigation (TBI) will receive \$50 to defray the costs incurred from the additional expungement petitions filed and granted; and the remaining \$282.50 will be deposited in the District Attorneys Fund for the required record search, preparation of the petition, and proposed order of expungement.

Beginning July 1, 2013, requires the TBI to review the number of expungement petitions, the cost of processing each one, and the amount of money paid in expungement fees to determine if the amount allotted to the Bureau is adequate, and if some portion of such funds could be used for other criminal justice purposes. Requires the Bureau to report its findings to the General Assembly in January 2014. Specifies that records expunged pursuant to the proposed legislation are to be confidential and can only be used to enhance a sentence if the petitioner is subsequently charged and convicted of another crime.

CORRECTED FISCAL IMPACT OF ORIGINAL BILL:

Increase State Expenditures - \$4,900/One-Time
\$175,700/Recurring

FISCAL IMPACT OF BILL WITH PROPOSED AMENDMENT:

Increase State Revenue – Exceeds \$1,000,000/TBI
Exceeds \$7,000,000/District Attorneys Fund
Increase State Expenditures - \$4,900/One-Time/TBI
\$175,700/Recurring/TBI

Increase Local Revenue – Exceeds \$480,000
Increase Local Expenditures – Not Significant

Assumptions applied to amendment:

- According to the TBI, there were 646,643 non-violent offenses reported in 2011. TBI assumes 55,000 additional expungement requests each year as a result of this bill.
- Approximately 50 percent or 27,500 of the total applicants will pay the \$350 to have his or her record expunged resulting in an increase in revenue for state and local government.
- The court clerk will retain five percent or \$17.50 of each fee resulting in an increase in local revenue of at least \$481,250 (\$17.50 x 27,500 expungement requests). Any increase in workloads for the court clerks to collect the additional fee can be accommodated within existing resources.
- A total increase in state revenue of at least \$9,143,750 (\$332.50 x 27,500 expungement requests). Of the total revenue collected, TBI will receive at least \$1,375,000 (\$50 x 27,500 expungement requests) with the remaining \$7,768,750 (\$9,143,750 - \$1,375,000) going to the District Attorneys Fund.
- TBI would need five additional data processing operator positions to process the additional requests. Each data processing operator would process 50 requests per day or 11,000 per year.
- An increase in state expenditures of \$175,675 reflects the salary (\$23,900), benefits (\$9,475), and other related supplies (\$1,760) for five additional positions.

- A one-time increase in expenditures of \$4,900 reflects office supplies (\$980) for each position.
- According to the DAGC, any increase in caseloads as a result of the proposed legislation can be handled within its current staffing.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "Lucian D. Geise". The signature is fluid and cursive, with the first name "Lucian" written in a larger, more prominent script than the last name "Geise".
